- GoalSetting Process
- Performance Enhancements
- Timelines and Key Dates

What We Want You to Do

- Talk about 2024 goals with your leader
- Ensure your goals are entered in Workday
- Giver each other grace

What We Want You to Believe

- Cascading Goals and Creating goals in Workday is straight forward and intuitive.
- Goal setting and monitoring is successful when ongoing performance progress conversations occur.

How Cascading Goals Impacts Employee Connection and Performance

We must recommit to a **consistent way** to share goals throughout the organization so **everyone understands** how their work aligns and contributes to choices we're making.

Cascading Goals

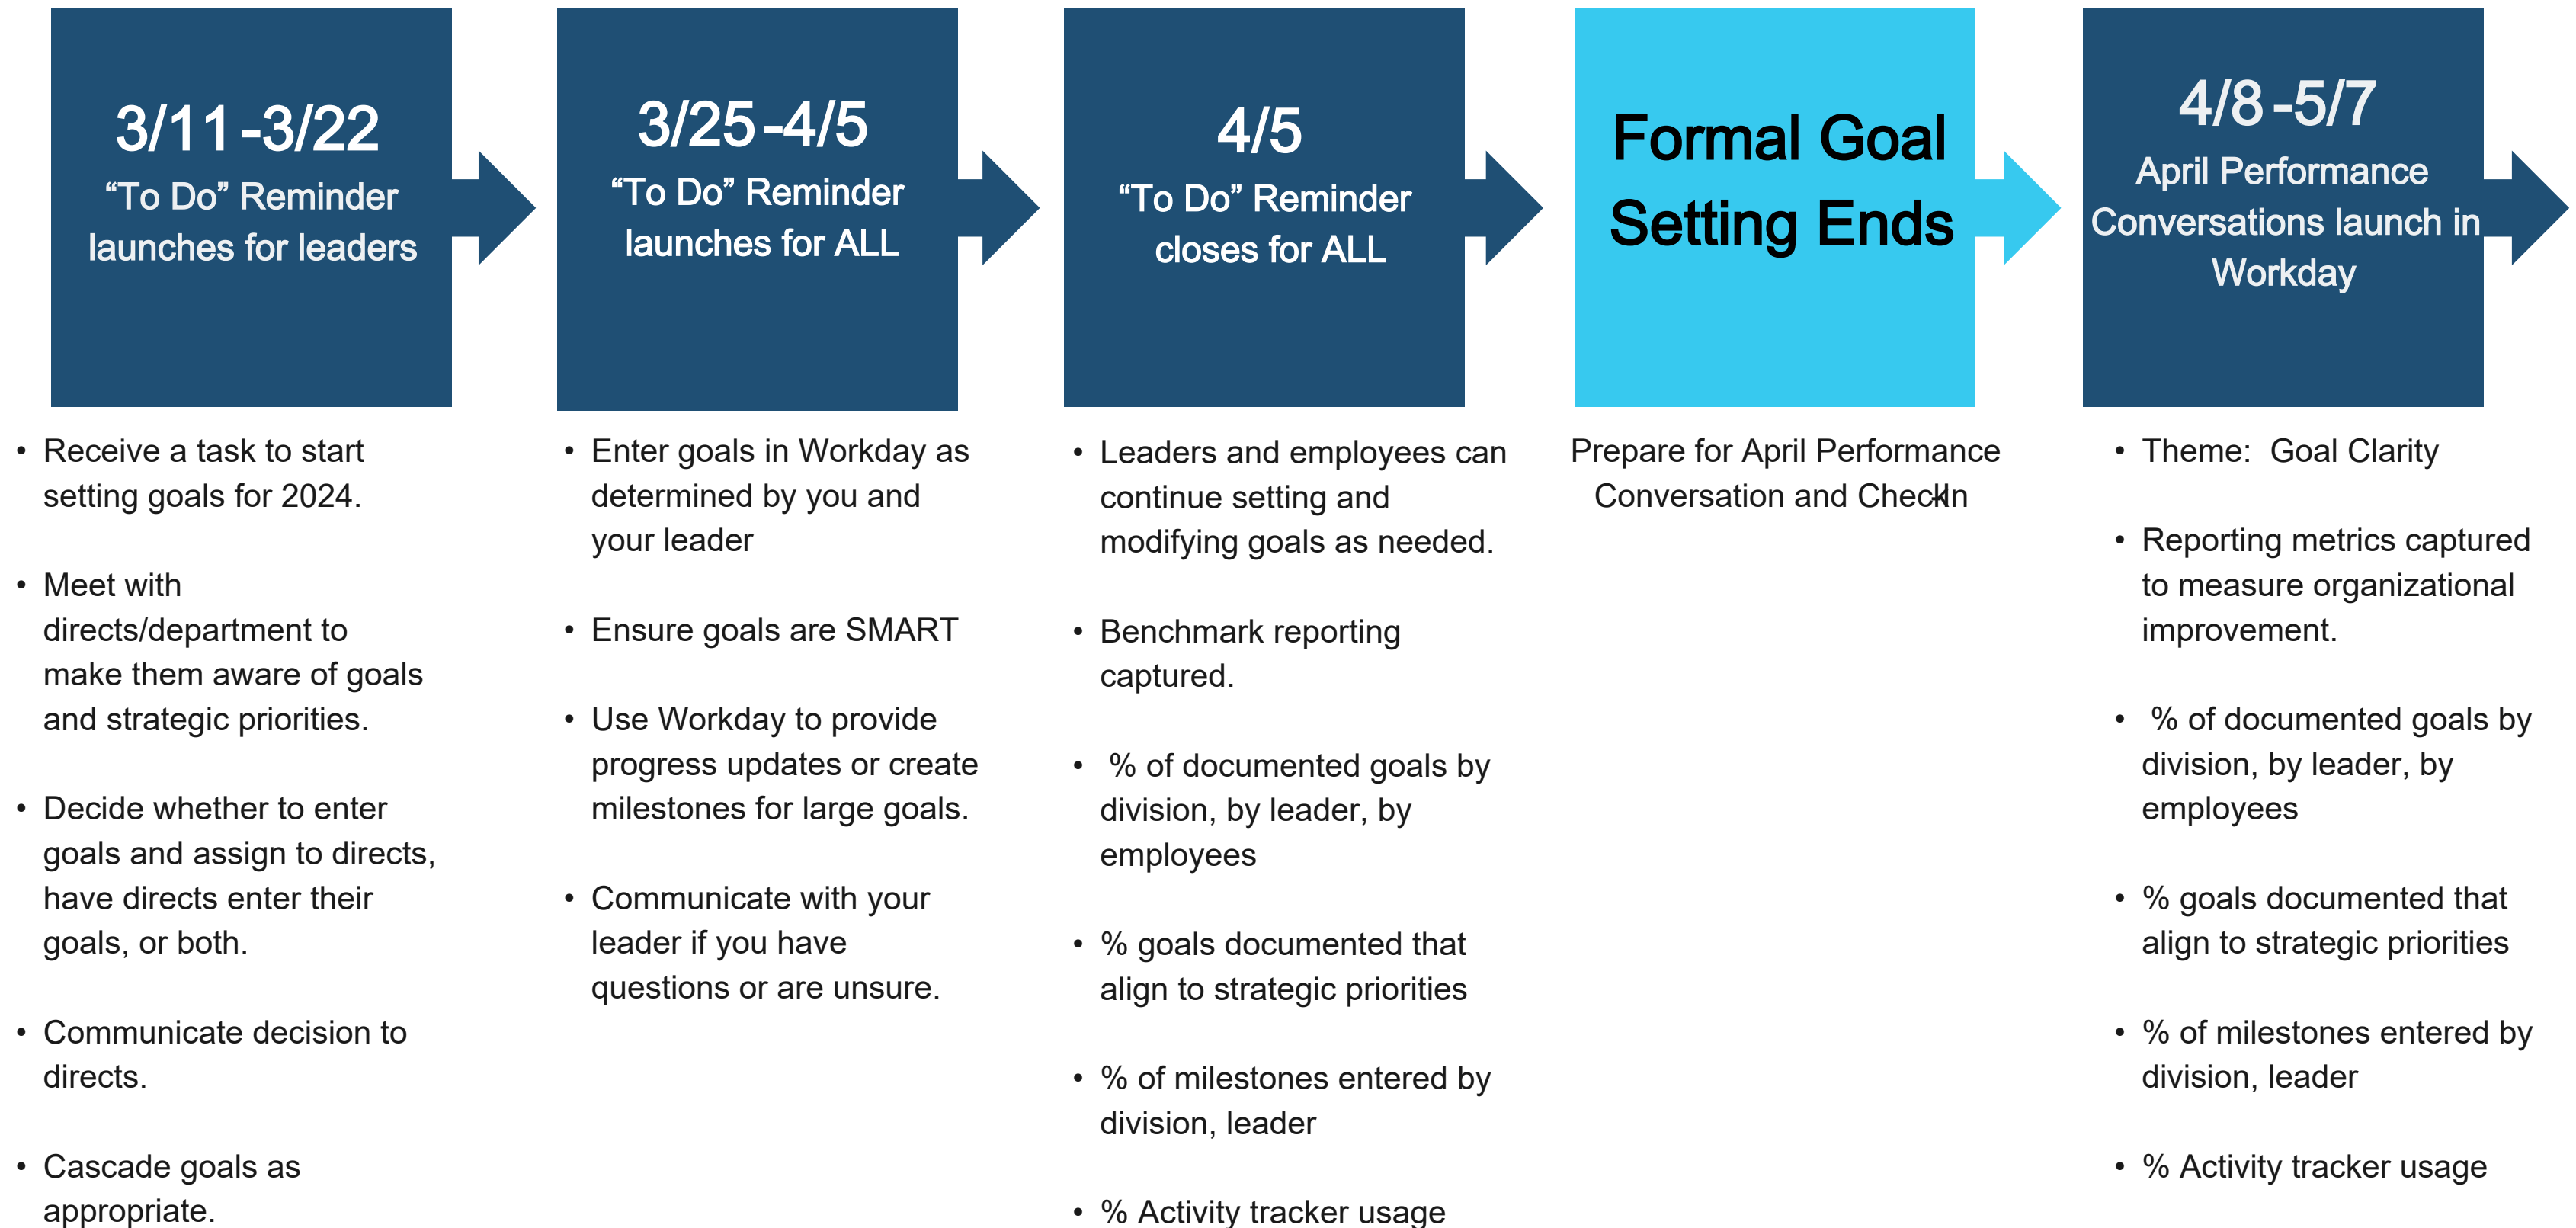

- 1 Human Resources**
 - Frontloads goals from CEO to Leadership team in WD
 - Provides tools, resources, support for leaders and employees to enter SMART goals in WD goals template
- 2 Chief Executive Officer**

Organizational goals from CEO entered in Workday and cascaded to appropriate directs (ELT).
- 3 Executive Leadership Team**

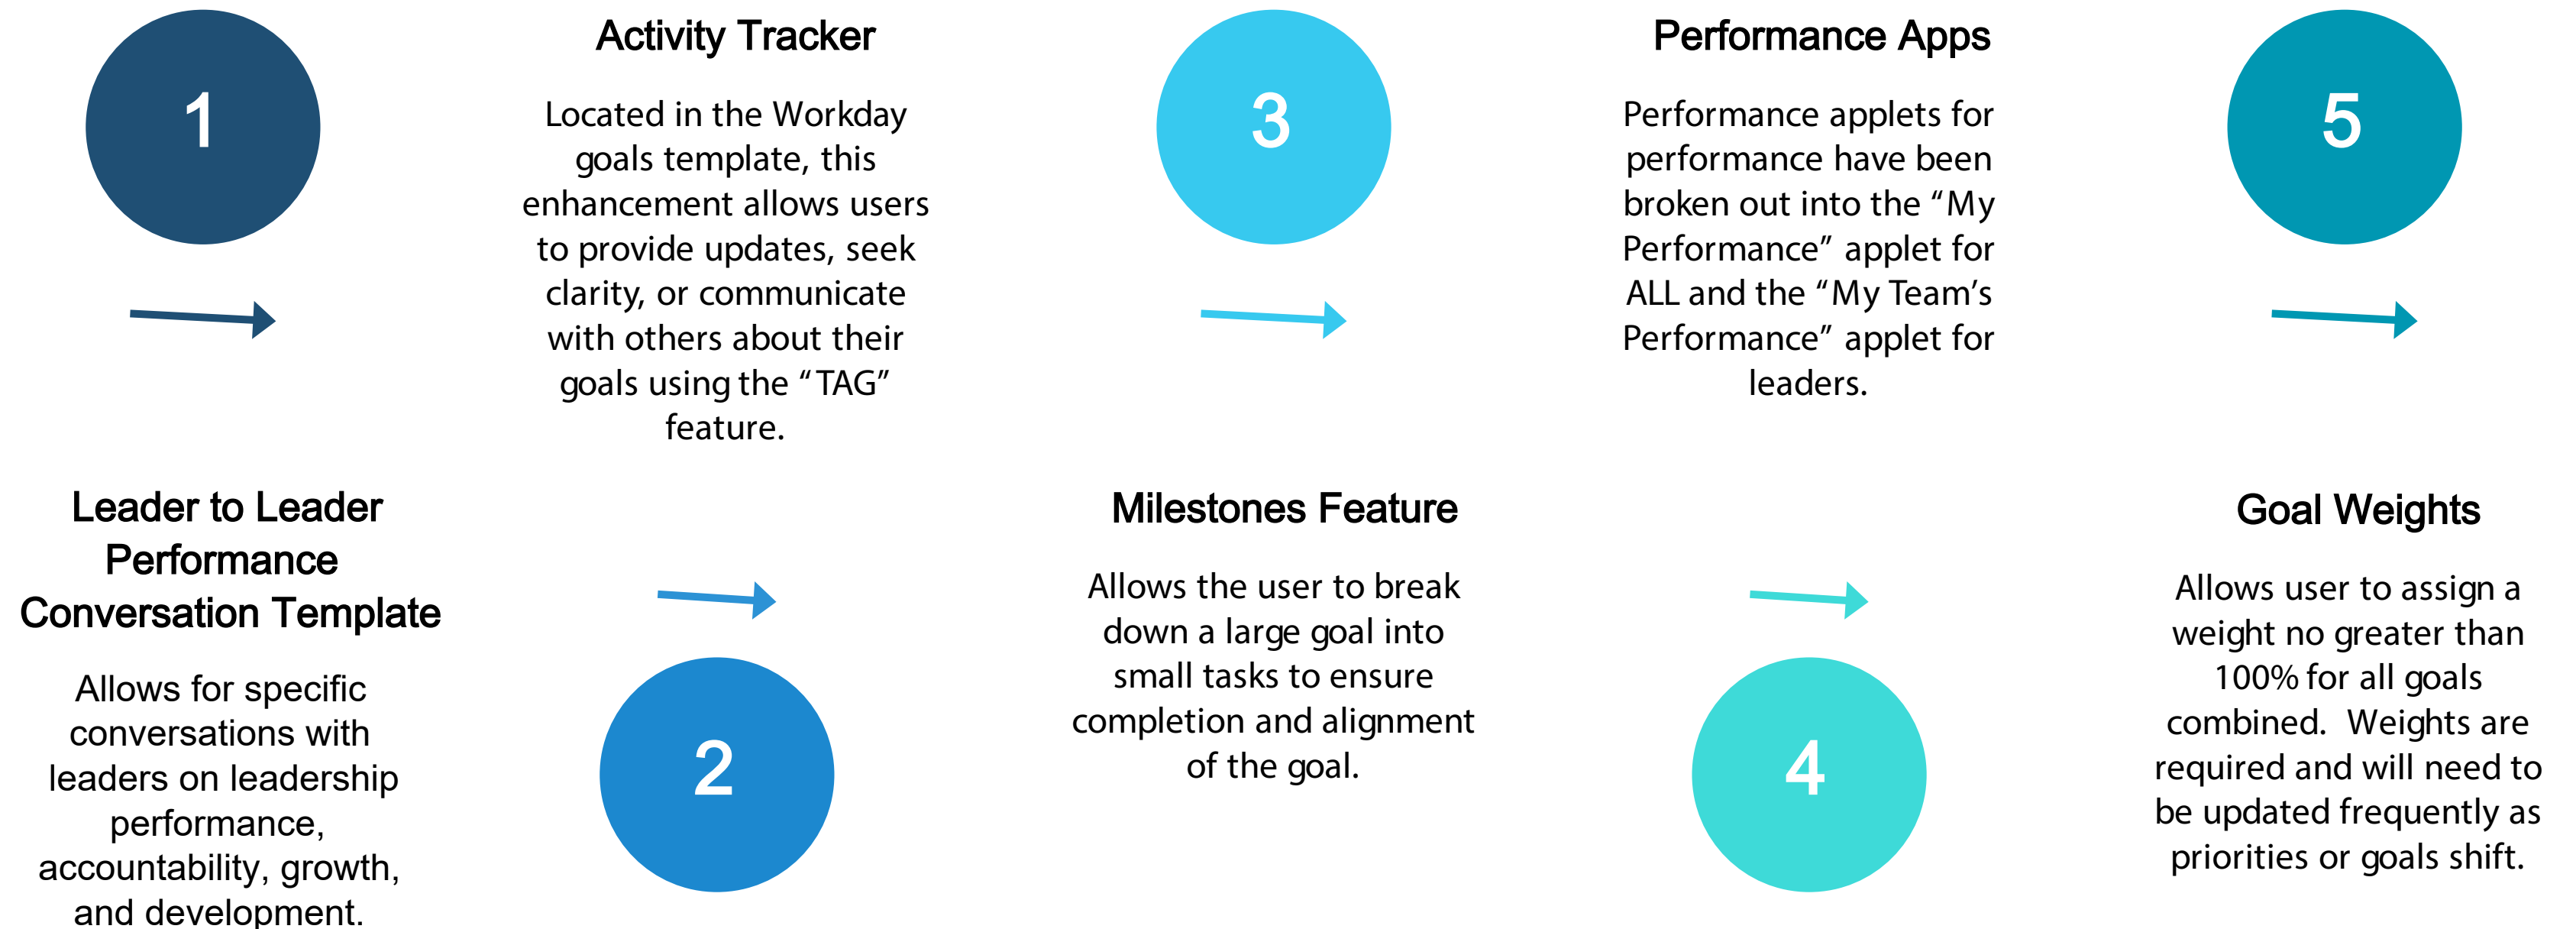

Adds divisional goals and cascades goals to appropriate directs (LT)  **WE ARE HERE**
- 4 Leadership Team**
 - Meets with leaders to create department goals
 - Decides if goals will be cascaded, if directs will enter goals themselves, or a combination.
- 5 Leadership Team+ Directs, Managers, Team Leaders, Individual Contributors**

HR will educate on how to use the Workday goals template to cascade or enter performance goals (SMART).
